Subject: Automatic reply: test

Dear Interested and Affected Party for the proposed Oude Molen Precinct redevelopment:

- This is an automated reply.
- No one-on-one responses will be entertained during the commenting process; and
- Requests for extensions of time will not be granted for the following reason: most of the documents released for viewing and comment as part of the Revised HIA process have been part of the process and public domain since the release of the draft HIA, September 2024 and the Final HIA March 2025. We recommend that you consider the '**Response to HWC IACOM Further Requirements**' document that provides responses to the IACOM request for further requirements and any changes that may have been made in the Revised HIA; the **Development Proposal documentation** with the refined **Precinct Plan**, and **Landscape Plan** to aid the review of the information/reports by focusing on the main reports related to revisions to be commented on and for HWC IACOM consideration and decision.

Thank you for submitting your comments on the Revised Heritage Impact Assessment for the Oude Molen Precinct. All contributions made on heritage grounds, both through email responses and via written submissions following the Notice will be considered.

A notification will be published on the dedicated webpage (see below) and released via email to all interested and affected parties registered on the project database once the final Heritage Impact Assessment Report has been submitted to Heritage Western Cape, and again when the Final Decision has been issued.

For more project related information and updates, please visit the Department of Infrastructure webpage for the Oude Molen Precinct:
